

Multi-Tool Display

The ultimate money-maker!

BULLET TOOLS™
Cutting-Edge Solutions for Tradesmen

Made in USA

Our Multi-Tool Display is the fastest, easiest way to move inventory and make money!

“When they try it – they buy it” and this display puts the tools front and center, creating interest and stimulating sales.

This durable USA-made stand does the work of several associates and helps “show and sell” product while taking up only 24” by 48” inches of space.

Here’s how it works:

1. Assemble the Multi-Tool Display (assembly instructions included)
2. Place a Bullet Tools shear on each shelf
3. Insert the marketing literature in the brochure holders
4. Attach the “Try Me” poster with mounting brackets provided
5. Apply one of the round Bullet Tools “Made in USA” stickers to each shear’s table
6. Cut blade guards to size and attach to shears
7. Use the Promo Kit materials & flyers on the stand, at the counter, or for training
8. Ask your customers to try the Bullet Tools shears – the easiest way to save time & money

Please call with questions or ideas for additional ways we can serve you! Our mission is to “continually improve the lives and livelihoods of tradesman across the globe by providing cutting-edge solutions.”
