

BULLET

Make quick rip cuts on WPC & vinyl plank flooring

CRUISER™

PATENT PENDING

Specifications:
Size: 23" x 21" x 9.5"
Weight: 24 lbs.
Max Cut Width: 12"
Max Cut Thickness: 0.4" (10mm)
Blades: 2195B & 3060B

The Cruiser makes rip cuts on WaterProof Core flooring effortless. Utilizing **dual rolling razor edges**, the blades cut cleanly through the flooring wear layer, allowing quick and clean snaps to size. Cut where you work without static 'sawdust' from plastic shavings or missing digits from a runaway utility knife! The Cruiser is easier to use than a table saw, and safer, with a 99% enclosed blade.

- Faster, straighter cuts than a utility knife
- Easy to use and safe to operate
- Quickly set fence between 1/2" and 12"
- Inexpensive blades last for hundreds of cuts
- Quick-adjust fence and built-in ruler
- Lightweight, with carry handle
- Built-in storage box to hold spare blades
- Removable fence for freehand scroll cuts
